

OUR QUALITY POLICY

In the center of all our efforts is the health and welfare of the human being.

This shall be realized by combining cost-effective dialysis care with the BioAdequacy™ approach as global strategy.

We acknowledge our responsibility for

◆ the patients ◆ our employees ◆ our shareholders ◆ the community

To justify this comprehensive responsibility we all are committed to four specific quality objectives.

The realization thereof focuses particularly on the implementation and maintenance of an integrated quality management system and the continual improvement of its effectiveness.

FOR THE PATIENTS

Our objective is to increase the life expectancy and improve the quality of life of patients with endstage renal disease.

FOR OUR EMPLOYEES

Our objective is to bind qualified employees to the company and promote their professional development.

FOR THE COMMUNITY

Our objective is to justify our various social responsibilities, follow the legal requirements and safety standards and contribute to the maintenance of our environment.

FOR OUR SHAREHOLDERS

Our objective is to ensure the continuous development of the company by attractive returns for the shareholders.
